

**Frontline Legal Services** is a nonprofit organization, founded in Louisiana in 2015, that provides legal and supportive re-entry services to justice-involved individuals.

### **SUCH SERVICES INCLUDE:**

**Case Management Services • Legal Services for Persons Living with HIV  
Social Security Disability/SSI Applications • Health Education/Risk Reduction • PrEP Support**

Recently Frontline has made steps to expand its reach into the Georgia area. Our goal here is to collaborate with community based organizations (ASOs/CBOs), Probation and Parole, and the Department of Corrections, to assist them with their justice-involved clients, and to help them locate the services they need to get back into or remain in care, and improve their overall quality of life.
